

Update or switch browsers

Update your Microsoft Edge settings

Figma requires Safari 16+. Figma requires Chrome 99+. Please update your operating system to use Figma. See [our help documentation on supported browsers](#) for more information.

Download or upgrade to one of the following browsers to continue using Figma.

To keep using Figma in Microsoft Edge, you'll need to [update these settings](#). You can also use the latest version of these browsers, or the [Figma desktop app](#).

Chrome 99+

Firefox 101+

Safari 16+

Edge 121+

You can also use the [Figma desktop app](#).
