SUMMARY

Enthusiastic IT student with a growing understanding of databases, DevOps, and full-stack integration with AI/ML, eager to learn and contribute to innovative technology solutions.

EDUCATION

- | | |
|---|---------------------|
| • Vidyavardhaka College of Engineering, Mysore, B.E in Computer Science | CGPA 8.87 |
| • Nisarga Independent PU college, Kollegal (PUC) | Percentage 96% |
| • Sri Shiva Vidya Kendra, Kollegal (SSLC) | Percentage 93.28% |

WORK EXPERIENCE

• HPE CTY

FEB 2025 - JULY 2025

Project - Intern

Developed **HerSafety**, an Android application that utilizes AI – powered review analysis to generate safety ratings for locations, empowering women to make informed and secure mobility choices.

• Student Internship & Membership Program 2025 – IEEE Computer Society

April 2025 – September 2025

Project – Intern

Developed **NeuroLearn**, an AI-driven student focus monitoring system that leverages EEG data to analyze real-time attention levels and dynamically adapts learning content and environmental factors to deliver a personalized educational experience.

SKILLS

- **LANGUAGES** | • Java • Python
- **Technical Skills** | • OS • CN • OOPs
- **Tools & Technologies** | • Git & Github • Jenkins • Docker
- **Databases & Frameworks** | • SQL • MongoDB • Node.js • Express.js

PROJECTS

Imagify – AI-based SaaS Platform

- An authentication integrated AI-powered platform that transforms text into **images**.
- Integrated **secure subscription management** using **Razorpay** payment integration facilitating tiers – Basic and Pro

AlcoScan – AI-Powered Real-Time Alcohol Detection System (In Progress)

- Building a YOLOv8-based AI model to detect alcohol-related objects in live video streams
- Developing real-time alerts and multi-frame validation to support automated content moderation.

PARTICIPATIONS

- | | |
|--|---------------|
| • EY Techathon 5.0 2025 Finalist | November 2025 |
| • Smart India Hackathon College Level | January 2024 |

CERTIFICATE

- Continuous Delivery & DevOps- Coursera

CAREER SKILLS

- Agility • Innovative

AREA OF INTEREST

- DevOps • Backend • AIML

HOBBY

- Drawing
